# AN ORGAN DEMONSTRATION

Friday, 23 October 2009  
7:00 p.m.

Join Organist & Choirmaster David Hughes  
for an informal demonstration of the pipe organ:  
what it is, its construction, how it works, and how our  
instrument at St. Mary's fits into a 2400-year tradition.  
The program will be interspersed with several short works to  
demonstrate the range of the organ.
